Declaratory Resolution, drawing and property ownership list completed and attached.

This project was delayed because a considerable amount of research was necessary before a resolution could be prepared.

The plat of South Side Suburban Place was filed in the office of the County Surveyor but was never properly recorded in the Allen County Recorders Office. For this reason there is some question as to the legality of the plat and whether or not Ventura Lane is actually a public street right of way.

In any event, a strip of land 40 feet wide was designated for this purpose and the intent of a public street was obvious. In order to clear the records on this matter, we recommend the adoption and approval of this Declaratory Resolution.
